

The Secrets of Nancy Drew®

We are taking you back to where it all began for Nancy's 80th Anniversary. Join Nancy on her first Her Interactive adventure in, [Nancy Drew: Secrets Can Kill REMASTERED](#). We've taken the original PC Adventure Game and updated it for our fans. This is one secret we don't want you to keep quiet about!

A murder, a killer on the loose, a secret kept hidden, and who better to put the pieces together than Nancy Drew? Step into the shoes of the world's greatest teenage detective and help uncover a secret that a murder was supposed to silence. Can you expose the truth, or is this one secret that will take you to your grave?

Experience the danger in [Secrets Can Kill REMASTERED](#) for the first time or relive the excitement with all new features! We have added 3D characters, enhanced graphics, and new puzzles, along with a few other things for our fans. In addition, to celebrate Nancy's 80th Anniversary, we've strewn vintage Nancy Drew references, from original book titles to artwork throughout the game for intrepid fans to find. The secret is out! Be sure and look for this adventure later this summer!
